

Project Specification

This is to inform you that we will have the project presentation on **24th November 2025** during the class. Below are few details about the project:

1. The project preparation will consist of **two parts**.
 - a. Report to be submitted
 - b. Slides to be presented.
2. Both the report and the slides (plus presentation) will carry the **same weight**.
 - a. Report (10 marks)
 - b. Slides + Presentation (10 marks).
3. Each report should be between 12-15 pages in total including cover page and references.
4. Each presentation should be maximum 12 mins + 3 mins for questions.
5. After the presentation, **you will submit the report and the slides by email** (in pdf format) to satyendra.thoudam@ku.ac.ae.
6. You can choose any topic you like (even from outside the lecture topics), but it should show some link to astrophysics.
